S. SCHWARTZ,

J. M. EARLE.

Reno, Jan. 27, 1876.

NEWSPAPERARCHIVE®

DAILY NEVADA STATE JOURNAL

WASHOE COUNTY OFFICIAL PRESS

O. C. POWNING..EDITOR AND PROPRIETOR

SATURDAY.....FEBRUARY 5, 1870.

For President of the United States:

B. H. BRISTOW,

SUBJECT TO THE DECISION OF THE

REPUBLICAN NATIONAL CONVENTION

A GOOD SIGN.

Quite frequently we run across such items, from our State exchanges, as the following from the Virginia *Enterprise:*

The number of pupils in attendance at the First Ward School is at present 220; at the Fourth Ward School, 140, at the Third Ward School, 511—making a total of 871. The schools are in a prosperous condition, but some of the rooms are overcrowded. For instance, in the fourth primary department of the Third Ward School there are 150 children crowded into one room. The ventilation of the room is defective and when the children are all in it is as hot as an oven.

We have repeatedly referred to the over-crowded condition of the Reno public schools, and the need of additional accommodations. The same state of affairs exist in other portions of the State, and is the surest sign of Nevada's prosperity; of the fact that people now seek our State for the purpose of making it their home for life, and alight from their flight as birds of passage. It is indicative too that our people appreciate the noble cause of education, and are desirous that Nevada's sons and daughters shall make their mark in this great wide world. It is a good advertisement for our State among those people in other lands who have been taught to believe that Nevada was the resort of all the villians and cut throats, and that peace and quiet was not to be found within her borders. Let them be undeceived at once, for our public schools are our pride, even as much as our bonanzas, and may the light which shines through their windows increase in brilliancy and beauty until the whole world shall blaze with illumination resulting from the blessed influence.

The Trout-Bill Steal.

A bill is introduced in the Legislature asking that an annual appropriation be made for stocking the Truckee river with trout. Really that is refreshing! The cool impudence of such a request is sublime! We pass!

Five and a half tons of trout were taken from the river and sold in 1872, seven tons and a half in 1873, eight tons in 1874, and nine tons in 1875. They were taken with spears and grabhooks, nets, baskets, traps, giant powder, and all the nefarious contrivances which modern rascality can invent. Yes, thirty tons of beautiful silver and salmon trout have been unlawfully captured in the Truckee river in four years. Trout average less than two pounds in weight. At least thirty thousand trout, then, have been slaughtered in violation of law and humanity in four years. For the past 1460 days there has been therefore twenty trout per day shipped away to market. There is no guess work about this. The daily shipments through Wells, Fargo's offices at Wadsworth, Reno, Boca and Truckee show the above figures. How many trout were consumed along the Truckee by the Indians and the whites, how many were torn by grab-hooks and mangled by giant powder, we do not know. We do know that the banks of the Truckee river, and of Pyramid and Mud Lakes are strewn with dead and mangled trout each Summer, that are slaughtered by the cruel fishermen and left to drift with the current.

We have called for protection for our fisheries. We have shown that impassable dams keep the fish from reaching the spawning grounds, that Indians employed by white men slaughter the trout by the wholesale, and that our commissioners are lazy indifferent, or bought. We have called attention to the fact that we have the finest trout stream in America, and that it is being wantonly, illegally, dragged, and dammed, and robbed of its speckled treasures. We have repeatedly appealed to our fish Commissioners and have offered names and dates and witnesses, yes, and have begged for the privilege of being permitted to prosecute offenders and the Commissioners have paid no attention to our entreaties.

And now the Legislature is asked to pay $3,000 a year to stock the Truckee with trout! Shame! shame! on the Commissioners who are entrusted by the State with the care of our fisheries. Shame on the Legislature which refuses to pass some law forbidding white men to evade the statutes by employing Indians to slaughter trout. But above all, shame on the man who attempts to get an annual steal of $3,000 for stocking a brook from which was taken for market nine tons of fine trout last year.—*Truckee Republican of Wednesday.*

NEVADA MINING NEWS.

(From the Gold Hill News of Thursday.)

Savage.

During the first part of the week the debris which had dammed the water flowing from the north drift of the 2200-foot level was removed, with the exception that the pumps would be perfectly able to handle all the water that might flow from it. Contrary to all expectations, however, the water poured in until the pumps could no longer control it, and not only the incline, but the 2200 foot level, was completely flooded. The water continued to rise until the 2200 foot level of the Hale & Norcross was also flooded, and all work stopped in both mines. The pumps are running up to their full capacity hoisting about 20,000 gallons of water per hour. Large tanks are also being placed at work in the incline, and every effort is being made to reduce the flow of water as rapidly as possible.

Consolidated Virginia.

Daily yield, 650 tons of ore. There is no change in the rich character of the ore extracted or the favorable appearance of the ore breasts. The mills on the Carson river have been bothered with ice but are now all running up to their full working capacity. The shipments of bullion up to last evening amounted to $1,805,000, and can be easily increased to $2,000,000 by the 6th of the month if the company so desire, that being the date or time for declaring the usual dividend. The California mill is running splendidly, crushing ore from the mine, and will add greatly to its already enormous production.

Julia.

The shaft is down 1640 feet, the bottom in excellent working ground. This is now the deepest perpendicular shaft on the Comstock lode. The main south west drift on the 1600 foot level is steadily advancing, the face in ledge material of a very favorable character. The face of the south drift on this level is in fine quartz and ore. The main south-west drift on the 1400-foot level is in a distance of 872 feet, the face in soft ledge material of a very encouraging character.

California.

Sinking the C. & C. shaft is making the usual good headway. It is now down 1033 feet, the flow of water is quite strong, but is easily handled by the pumps. The north drift on the 1550-foot level has been connected with the bottom of winze No. 5 in the east crosscut from the north drift on the 1500-foot level. This drift is now being continued north of the winze, the face still in rich ore. Otherwise there is nothing new in regard to the prospecting operations of the mine.

Justice.

South drift at the 1000-foot level continues in easy working vein material, with considerable water. Drift south at the 800-foot level, in porphyry, clay and streaks of quartz which give low assays. The ore stopes and breasts of the 600 and 400-foot levels are showing well, with no particular change since last week's report.

Belcher.

Daily yield 400 tons of ore. The ore breasts are looking well and yielding the usual supply of ore. The yield of the mills will not be so large for January as in December, owing to the clogging of the mills on the Carson river with ice, so that they could not crush up to the usual standard. This has caused an accumulation of some 3000 tons of ore at the mills during the latter part of the month.

Overman.

Sinking the shaft is making slow progress owing to the strong flow of water at the bottom. The main west drift on the 1100-foot level is steadily driven forward without change of interest. The crosscut north has penetrated to the ledge, and the face is now in fine quartz and low grade ore. The pump bob at the 700-foot station is nearly completed.

Ophir.

Daily yield, 125 tons of ore. This ore is mostly taken from the 1500-foot level. The ore breasts are showing splendidly, and promise a goodly yield for a long time to come.

Crown Point.

Daily yield 350 tons of ore. The ore is low grade and but little more than pays for the cost of extracting and milling.

THE PIOCHE MINES.

[Pioche Journal, January 31st.]

Nothing of any considerable change has occurred in the mines since our last report. More prospecting is being done by private parties on their claims. The Raymond & Ely mine is taking out its usual quota of ore, and which is being prosecuted in the main shaft. In the Alps developments on an extensive scale is being carried on, and the regular amount of ore is being taken out and shipped to the mill. The Meadow Valley, Pioche and the other mines are all working, with encouraging indications.

[Pioche Record, January 30th.]

A very rich body of ore was struck yesterday afternoon on the tenth level one thousand feet from the main shaft. We saw some of the ore last evening and it is superior to anything we have seen in the camp.

ESMERALDA COUNTY MINES.

[Borax Miner Jan. 29.]

Gen. Thomas.

This splendid mine is turning out high grade ore with the regularity of an old and well prospected claim, and its influence is being felt in the district. The mill is running along splendidly under the vigilant management of Mr. Chas Durning, who is rapidly proving himself to be the right man in the right place. The new settler was started up yesterday and is running along handsomely, increasing the amalgamating capacity of the mill considerably, and when the new pan is put in place it will bring the working capacity of the mill up to twenty-one tons, which is something remarkable for a 10-stamp mill. The new boiler arrived this week and is being put in position. It will enable the mill to be run constantly—one boiler being used while the other is cleaned. With the improvements now being made it will not be unreasonable to expect bullion shipments to the tune of $10,000 per month from this little mill.

Prospecting Mills.

Active steps are being taken by the Trustees of the Northern Belle Company looking to the immediate construction of a new 20-stamp mill A. C. Bateman and A. J. Homes, with surveyors and millwrights to assist them in their work have been examining the mill-sites and water-sites in the vicinity, and although the matter is not definitely settled, it is highly probable that the new mill will be built at the mine. The Gen. Thomas Company expect also to have a new 20 stamp mill running during the coming Summer.

Sylvania.

We are informed by Mr. John Chiatovich that Kinkaid's new "basso" furnace has proved to be a splendid little success. The furnace is constructed of a new material found in Sylvania district, and after a run of several days there was not the slightest indication of weakening, and those who have seen it think that it is good for a two or three month's run. Some of the bullion already taken out assays as high as $2,000 per ton. The Border furnace will not start up very soon, the snow being so heavy as to interfere with the work.

Prospecting.

The Northern Belle and Gen. Thomas developments are creating considerable excitement among the "irrepressible" prospecting miners here, and the hills in the neighborhood of Candalaria are alive with little parties delving for ledges. Some small sales of "prospects" are mentioned on the streets.

Gen. Thomas Bullion.

Three bars of bullion were shipped from the General Thomas mill this week, aggregating $5,166 80.

PACIFIC COAST ITEMS.

California.

Pear, cherry and apricot trees in full bloom are an attractive sight at Santa Cruz.

The Los Angeles Chinamen burned up $1,000 worth of fireworks in celebrating their New Year, a sum collected by a tax of fifty cents a head.

A man named Walker attempted to commit suicide by cutting his throat at San Bernardino a few nights ago, and when taken to prison as insane, tore the bandages from his wounds, battered his head against the wall and now lies in a critical condition.

A large California lion measuring 8½ feet in length was killed a few days ago by Melvin Sargent on his father's ranch at San Vicente, about 29 miles northeast of San Diego. For months it has been destroying stock upon the ranch, and only a day or two before it was shot had leaped upon a horse, seized him by the neck and killed him.

The Los Angeles Chamber of Commerce recommends a census of the city to be taken at once, and the suggestion will probably soon be carried out. At the last Fall election the number of voters was about 2,000, and it is thought that the total vote will now reach at least 3,000, showing a population of 15,000 or 16,000.

A site for the new college at Hollister has been selected at the west side of the town. A square of seven acres will be set off for the building and grounds, and the property surrounded by a street 80 feet wide. Work on the buildings will begin as soon as dry weather sets in.

Mr. Pinkerton, a wealthy rancher of Sonoma, has purchased 10,000 sheep from Hill & Reeves, of the Tejon ranch, and will drive them to New Mexico, where he has bought large tracts of land. It is designed to drive them directly across the Mohave Desert, instead of going by the way of San Bernardino.

The Territories.

The total defalcations of Ritter, late Treasurer of Albany County, Wyoming, is $12,893; he has not yet been captured.

William Burns was shot and killed by Alexander Stevens at the Santa Rita placer settlement, Arizona, recently, on account of some domestic difficulties. Stevens fled immediately after committing the deed, and has not yet been arrested.

Nicholas Mahar, a miner of the Silver Cord mine at Silver City, Idaho, started to walk over the mountain last week, Tuesday night, and is supposed to have perished in the snow storm which prevailed at that time, and nothing has been seen or heard of him since.

SAN FRANCISCO HOTELS.

ADMISSION.....$1 00.

(Reserved seats 25 cents extra.)

SUMMONS.

IN THE DISTRICT COURT OF THE SECOND Judicial Disrict of the state of Nevada, in and for the County of Washoe. The State of Nevada sends to ELIZA W. SWIFT greeting: You are hereby required to appear in an action commenced against you as Defendant by MICAH L. SWIFT on Plaintiff in the District Court of the Second Judicial District, in and for the County of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this Summons, (exclusive of the day of service), if served in said County, or twenty days if served out of said County, but within said District, and in all other cases forty days; or Judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a judgment and decree of this Court dissolving and forever annulling the bonds of matrimony existing between Plaintiff and Defendant on the grounds as alleged by Plaintiff of cruel and inhuman treatment of the Plaintiff by Defendant; all of which is fully set out in the complaint in this action on file in the office of the Clerk of said Court and to which reference is here by made all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno in said County.

And you are further notified, that if you fail to appear and answer said complaint, the said Plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, J. S. Shoemaker, have hereunto set my hand and affixed the seal [SEAL] of said Court this 1st day of February, A. D. 1870.

J. S. SHOEMAKER,
Clerk of the District Court of the Second Judicial District, Nevada, in and for Washoe County.
HARRIS & COFFIN,
Plaintiff's Attorneys. feb5

ADMINISTRATOR'S SALE.

IN SECOND JUDICIAL DISTRICT COURT of the State of Nevada held in and for Washoe County. In the matter of the estate of JOHN KELLY, deceased, it appearing to the Court by the petition presented and filed by C. W. Jones the Administrator of the estate of John Kelly, deceased, praying for an order to sell real estate to pay the debts outstanding against the deceased and the debts, expenses and charges of the administration. It is Therefore ordered by the Court that all persons interested in the said estate appear before the said District Court on MONDAY, the sixth day of March, A. D. 1870, at 10 o'clock A. M. of said day at the Court-room of said Court, at Reno, in the said Washoe County, State of Nevada, to show cause why an order should not be granted to the said Administrator to sell so much of the real estate of the deceased as shall be necessary, at private sale, and that a copy of this order be published at least four successive weeks in the Daily Nevada State Journal, a newspaper printed and published in said town of Reno, County and State

S. H. WRIGHT,
District Judge.

Dated, Reno, February 2, 1870.

WANTED.

SCHAFFER'S AND JAMISON'S NEW HOUSES—WHO DONE THE WORK.—The new houses of Mr. Geo. Schaffer and Mr. S. M. Jamison, in the block fronting the railroad and west of West street are nearly completed. Mr. Schaffer's is so far advanced as to permit him again to take up his abode under his own roof. It is one story and a half, containing nine rooms, and the usual closets, pantry, bath room, etc.; well provided with windows, and generally arranged in excellent style. The carpenter work was done by Jakey Sellors, and is a credit to that mechanical genius. The mason work was done in Mr. Bordon's best style. F. C. Updike superintended the painting and graining. This latter work is some of that gentleman's very best. The paneling, nosing, etc., is a representative of various kinds of oaks, laurels, walnut, and other beautiful varieties, and the workmanship is sufficient evidence of Updike's knowledge of the art. Mr. Schaffer's new residence is a great improvement on the one burned, and when fully completed will have cost him about $3,000.

Jamison's house will not be ready for occupancy until the 1st of March. Jakey Sellors is rushing the work, and the knowledge gained from past experience enables him to make many improvements in the new structure, which will be one of the finest and best arranged houses in Reno. It is two stories, while the one destroyed, was only one and a half; the rooms therefore are much larger, and more conveniently arranged; and additional household facilities have been supplied; in fact providing it with all the modern improvements. This house and the one previously mentioned will add much to the appearance of our town, and impress a stranger with our permanency and prosperity.

THE annual meeting of the State Fair Society takes place on Tuesday next instead of Monday, as heretofore stated in those columns.

District Court Proceeding.

FRIDAY.

Fogus vs. Ward and Harrison on trial, testimony taken. When the cause was continued for argument at Carson City at the convenience of the Court and counsel.

Court adjourned until February 19.

BURNED TO DEATH.—Thos. Donnelly, section foreman, of the V. & T. R. R. at Franktown, met his death night before last under singular circumstances. Early yesterday morning his cabin was found to have been burned to the ground, and his body was found among the ruins, his legs burned off, and his head and body burned to a crisp. Coroner Jones was telegraphed for, but as he is in San Francisco, the summons was of no avail. Justice Lee, of Franktown will take charge of the matter, and probably during the day we shall have additional particulars.

P. S. Since the above was in type we learn that the Coroner's jury have returned a verdict to the effect that the deceased was robbed and murdered by parties to them unknown and the cabin burned to conceal the crime. He was a member of the Masons, and that fraternity have the body in charge.

TO-NIGHT.—By an over-sight the date was left off the programmes for the performance to be given at Dyer's Hall for the benefit of the Library. So when you read the green or red programmes to-day just remember that it takes place to-night and that it will not fail to delight the audience Several of the participants, though amateurs, possess considerable imitative power. Give them a good house to-night, for they deserve it.

ENLARGEMENT.—Barnett Bros. have long labored under a disadvantage in not having sufficient room, whereby a better display of their goods was not permissible. They now propose to transfer one department to their other store, now occupied by J. E Jones & Co., and S. N. Davidson. An entrance will be effected by cutting away a portion of the wall which now separates the two. The proposed enlargement will be made during the next thirty days.

THE TRAINS ALL RIGHT.—The first of the blockaded trains arrived here yesterday noon. Another passed through last night nearly on the regular time. We are glad the blockade is raised. Both the U. P. and C. P. are now clear throughout their entire length, and travel will go on uninterruptedly.

DANCING SCHOOL.—A number of our most prominent ball-goers have associated themselves together for the purpose of securing Prof. Varney to give them eight lessons in dancing. The Professor will be here on Monday evening to teach the first instructions.

FREIGHT.—For some time past the freight shipments over the V. & T. have been very light, but yesterday afternoon it livened up considerable, over thirty cars being received.

PERSONAL.—Parkinson, of the Carson *Tribune*, was in town yesterday. He came over to pray with the boys, but met with indifferent success.

George A. Dietz, of Butte County, who received a gold medal for his fruit-drying apparatus from the State Agricultural Society, has sold his sold his patent to Judge Clark, of Sacramento, for $100,000 in gold.
